

## Gourmet in the Snow: Experience Magic Moments by snowshoe

Making your way across mountain pastures covered in thick snow, absorbing the clear winter air. This guided tour leads you right into the heart of the Nockberge. Breathtaking mountain moments and rustic alpine farmers' cuisine guarantee true Sunshine Moments.

Having reached the Maibrunnbahn mountain station, the idyllic snowshoe hike with Nature Active Guide Wolfgang Krainer begins. In less than five minutes you have left the hustle and bustle behind and can enjoy the magical, snow-covered landscape. Accompanied by Wolfgang's stories about the Carinthian Nockberge and the mountain world that surrounds, you tread warily through the untouched winter wonderland. After a 1.5 hour hike you have reached your goal: the Klammerhütte on picturesque Feldpanalm. Having warmed up with mulled cider by a crackling fire pit, the traditional "Kärntner Frigga" is waiting for you. This dish made from eggs, bacon and strongly flavoured cheese is usually served alongside country-style brown bread - a real treat for the palate. The subsequent dairy tour gives an insight into how cheese is made and then – to sample the in-house variety - the landlord serves a typical "Kärntner Jause" with regional produce. Traditionally filled butter and a delicious "Kärntner Reindling" provide a sweet end to your visit before you head back down to the valley in original style by toboggan. Having arrived in Feld am See the shuttle is waiting to take you back to Bad Kleinkirchheim.

<b>When:</b>	Thursday (23rd January, 6 <sup>th</sup> and 13th February 2020) Saturday (1st February 2020)

## On the Trail of Ancient Crafts: Magic Moments in the heart of the Carinthian Nockberge

This leisurely winter hike draws on Bad Kleinkirchheim's history to experience the farming culture and craftsmanship of former times. Sunshine Moments of the present are guaranteed as the Biosphere Park ranger's stories transport you into the past.

From the Kurpark you head to St. Catherine's Church, where 36°C thermal water bubbles out of the "Augenquelle" (eye spring) in the crypt. To this day, both local spas are supplied with water from the spring. You continue along the culture trail, which leads slightly uphill passed an abandoned quarry in St. Oswald and the "Oswaldikreuz" (Oswald cross). Be sure to listen out for Ranger Markus' interesting tales about traditional craftsmanship as you walk. After a good 1.5 hours you have reached your goal: the Alte Schmiede, where Herr Pertl - St. Oswald's blacksmith - is waiting for you. He will tell you all about the work of a blacksmith then and now. As a reminder of the magical winter walk you can make a self-forged charm to take home with you, which will always take you back to this Sunshine Moment. Then it's time to for the Ski-Thermen-Bus to return you to the starting point.

<b>When:</b>	Tuesdays, 7th January – 10th March 2020
<b>Starting Point:</b>	Tourist Office Bad Kleinkirchheim, Dorfstraße 30
<b>Start time   Duration:</b>	1:00 pm – approx. 5:00 pm   approx. 4 hours
